Exclusive Feature Papers in Organometallic Chemistry

Message from the Guest Editors

We are pleased to announce a Special Issue entitled "Exclusive Feature Papers in Organometallic Chemistry." This is a collection of important high-quality papers (original research articles or comprehensive review papers) published in open-access format by Editorial Board Members or prominent scholars invited by the Editorial Office and the . This Special Issue aims to discuss new knowledge or new cutting-edge developments in the Organometallic Chemistry research field through selected works, in the hope of making a great contribution to the community. We intend for this Issue to be the best forum for disseminating excellent research findings as well as sharing innovative ideas in the field.

About the Journal

Message from the Editor-in-Chief

As the premier open access journal dedicated to experimental organic chemistry, and now in its 25th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts and novel materials. Pushing the boundaries of the discipline, we invite papers on multidisciplinary topics bridging biochemistry, biophysics and materials science, as well as timely reviews and topical issues on cutting edge fields in all these areas.

Editor-in-Chief

Institute of Pharmaceutical Biology and Phytochemistry, University of Münster, Corrensstrasse 48, D-48149 Münster, Germany

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Reaxys, CaPlus / SciFinder, MarinLit, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.1 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
