

Special Issue

Flavours and Fragrances in Asia

Message from the Guest Editor

This Special Issue focuses on the development of flavor chemistry and sensory characteristics of flavors and fragrances in Asia. Contributions investigating the characterization of any type of Asian foods, beverages, or natural products are welcome for consideration. The identification of key odorants, understanding of flavor generation in natural products, and the sensory characteristics of different Asian foods, beverages, or natural products are welcome for consideration. Recent advancements in instrumental techniques (such as gas chromatography–olfactometry, multidimensional chromatography–mass spectrometry, and so on), as well as developments in chemometric analysis techniques, are of great interest to the scientific community. Review articles by experts in the field will also be welcome. .

About the Journal

Message from the Editor-in-Chief

As the premier open access journal dedicated to molecular chemistry, now in its 29th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts, and novel materials. Pushing the boundaries of the discipline, we invite papers on all major fields of molecular chemistry and multidisciplinary topics bridging chemistry with biology, physics, and materials science, as well as timely reviews and topical issues on cutting-edge fields in all of these areas.

Editor-in-Chief

Prof. Dr. Thomas J. Schmidt

Institute of Pharmaceutical Biology and Phytochemistry, University of Münster, Corrensstrasse 48, D-48149 Münster, Germany

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Reaxys, CaPlus / SciFinder, MarInLit, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.1 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
