

Special Issue

The Molecular Basis of Food Quality Changes during Processing and Storage

Message from the Guest Editor

We invite you to submit a paper to a Special Issue entitled 'The Molecular Basis of Food Quality Changes during Processing and Storage'. The aim of the current Special Issue is to collect recent significant advances in the research area related to the underlying molecular basis of food quality changes during food processing and storage. Original manuscripts including full-length articles, communications, and reviews are all welcome. If you have any questions, please feel free to contact the editor of Molecules office "Meta Miao". Molecules is indexed by the Science Citation Index Expanded (Web of Science), MEDLINE (PubMed) and other databases, and has an Impact Factor of 4.6 (2022).

Guest Editor

Dr. Pei Wang

College of Food Science and Technology, Nanjing Agricultural University, Nanjing, China

Deadline for manuscript submissions

About the Journal

Message from the Editor-in-Chief

As the premier open access journal dedicated to experimental organic chemistry, and now in its 25th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts and novel materials. Pushing the boundaries of the discipline, we invite papers on multidisciplinary topics bridging biochemistry, biophysics and materials science, as well as timely reviews and topical issues on cutting edge fields in all these areas.

Editor-in-Chief

Prof. Dr. Thomas J. Schmidt

Institute of Pharmaceutical Biology and Phytochemistry, University of Münster, Corrensstrasse 48, D-48149 Münster, Germany

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Reaxys, CaPlus / SciFinder, MarinLit, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.1 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
