

Special Issue

Selected Papers from International Conference on Olive Cultivation Future and Industry (ICOCFI) 2023

Message from the Guest Editors

This **Special Issue on International Conference on Olive Cultivation Future and Industry (ICOCFI) 2023**

(<https://summit.ju.edu.sa/en/icocfi/home>) has

significantly contributed to the development in the field of Agriculture, Biotechnology, Olive culture, Olive Oil, and environmental applications. Biotechnology and Molecular Biology of the Olive Tree and other

Agricultural Processes have remarkable properties and provide opportunities for future advanced applications.

The investigation of Biotechnology and Molecular Biology and sustainable Olive culture and Olive Oil has emerged as a significant research area due to their exceptionally broad range of activities, allowing reactions to be achieved more effectively and efficiently.

This Special Issue focuses on all aspects of Science, agriculture, biotechnology, and techniques for the Development of a Sustainable Olive culture and Olive Oil and their applications and covers all the related fields of study.

Guest Editors

Dr. Meshal Alzaid

Dr. Ibrahim Alsohaimi

Prof. Dr. Hassan Mohamed Ahmed Hassan

Prof. Dr. Mohamed El-Aassar

About the Journal

Message from the Editor-in-Chief

As the premier open access journal dedicated to molecular chemistry, now in its 30th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts, and novel materials. Pushing the boundaries of the discipline, we invite papers on all major fields of molecular chemistry and multidisciplinary topics bridging chemistry with biology, physics, and materials science, as well as timely reviews and topical issues on cutting-edge fields in all of these areas.

Editor-in-Chief

Prof. Dr. Thomas J. Schmidt

Institute of Pharmaceutical Biology and Phytochemistry, University of Münster, Corrensstrasse 48, D-48149 Münster, Germany

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Reaxys, CaPlus / SciFinder, MarinLit, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 15.1 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the second half of 2025).
