

Special Issue

Progress in Silicon and Organosilicon Chemistry

Message from the Guest Editors

The 18th International Symposium on Silicon Chemistry (ISOS-XVIII) in conjunction with the 6th Asian Silicon Symposium (ASiS-6) will be hosted by Shandong University on 6–11 August 2017 in Jinan, China. This Symposium will bring together scientists, industrial researchers and students from around the globe in order to present and discuss the latest and most exciting aspects of silicon, organosilicon chemistry and related materials. This Special Issue of *Molecules* on “Progress in Silicon and Organosilicon Chemistry” welcomes submission of unpublished original research papers or reviews on silicon, organosilicon chemistry, the application prospects of silicone technology and its advancements in science, technology, and industry. The manuscript submission deadline is set for 30 September 2017. For more details on ISOS-XVIII and ASiS-6, please click on: <http://www.isos2017.cn>.

About the Journal

Message from the Editor-in-Chief

As the premier open access journal dedicated to experimental organic chemistry, and now in its 25th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts and novel materials. Pushing the boundaries of the discipline, we invite papers on multidisciplinary topics bridging biochemistry, biophysics and materials science, as well as timely reviews and topical issues on cutting edge fields in all these areas.

Editor-in-Chief

Prof. Dr. Thomas J. Schmidt

Institute of Pharmaceutical Biology and Phytochemistry, University of Münster, Corrensstrasse 48, D-48149 Münster, Germany

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Reaxys, CaPlus / SciFinder, MarinLit, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.1 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
