

Special Issue

Computational and Theoretical Studies on Isomeric Organic Compounds

Message from the Guest Editor

The editorial board of *Molecules* invites you to submit an article to a Special Issue entitled "Computational and Theoretical Studies on Isomeric Organic Compounds". This Special Issue provides a privileged platform to publish original research articles and review articles covering studies concerning the computational studies on isomeric organic compounds. We look forward to receiving your contributions. This Special Issue invites researchers to submit original research or review articles related to this topic. *Molecules* is indexed by the Science Citation Index Expanded (Web of Science), MEDLINE (PubMed) and other databases, and has an Impact Factor of 4.412 (2020).

Guest Editor

Prof. Dr. Ewa Daniela Raczyńska
Emeritus Professor, Department of Chemistry, Warsaw University of Life Sciences, 02-787 Warsaw, Poland

About the Journal

Message from the Editor-in-Chief

As the premier open access journal dedicated to molecular chemistry, now in its 30th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts, and novel materials. Pushing the boundaries of the discipline, we invite papers on all major fields of molecular chemistry and multidisciplinary topics bridging chemistry with biology, physics, and materials science, as well as timely reviews and topical issues on cutting-edge fields in all of these areas.

Editor-in-Chief

Prof. Dr. Thomas J. Schmidt

Institute of Pharmaceutical Biology and Phytochemistry, University of Münster, Corrensstrasse 48, D-48149 Münster, Germany

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Reaxys, CaPlus / SciFinder, MarInLit, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 15.1 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the second half of 2025).
