

Special Issue

Isotope Effects 2019

Message from the Guest Editor

The journal *Molecules* has asked me to be guest editor of a Special Issue on the topic of "Isotope Effects 2019". This is a continuation of a previous, very successful volume. This volume will have approximately twenty contributions, which can either be review papers or cover new research. Subjects can typically be kinetic isotope effects, reaction mechanisms, isotope effects in H-bond research, isotope effects as a tool in structural studies, use of isotope effects in food research, theoretical calculations of isotope effects, or use of isotope effects in environmental studies, to mention some examples, but papers dealing with all types of isotope effects are invited.

Guest Editor

Prof. Dr. Poul Erik Hansen

Department of Science and Environment, Roskilde University, DK-4000 Roskilde, Denmark

Deadline for manuscript submissions

closed (31 March 2020)

About the Journal

Message from the Editor-in-Chief

As the premier open access journal dedicated to molecular chemistry, now in its 29th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts, and novel materials. Pushing the boundaries of the discipline, we invite papers on all major fields of molecular chemistry and multidisciplinary topics bridging chemistry with biology, physics, and materials science, as well as timely reviews and topical issues on cutting-edge fields in all of these areas.

Editor-in-Chief

Prof. Dr. Thomas J. Schmidt

Institute of Pharmaceutical Biology and Phytochemistry, University of Münster, Corrensstrasse 48, D-48149 Münster, Germany

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Reaxys, CaPlus / SciFinder, MarinLit, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.1 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
