Special Issue

Bioactive Phenolic and Polyphenolic Compounds-2nd Edition

Message from the Guest Editor

Phenols and polyphenols are a class of plant secondary metabolites recently drawing particular interest due to their broad spectrum of pharmacological effects. The second edition of the Special Issue also aims to collect papers dealing with the determination of bioactive phenolic and polyphenolic compounds in food and natural products; in addition, a particular focus on new achievements in the field will be appreciated. You are welcome to visit the website, submit the abstract and full paper to the Special Issue. Any questions please feel free to contact Larry Li (larry.li@mdpi.com).

About the Journal

Message from the Editor-in-Chief

As the premier open access journal dedicated to molecular chemistry, now in its 29th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts, and novel materials. Pushing the boundaries of the discipline, we invite papers on all major fields of molecular chemistry and multidisciplinary topics bridging chemistry with biology, physics, and materials science, as well as timely reviews and topical issues on cutting-edge fields in all of these areas.

Editor-in-Chief

Prof. Dr. Thomas J. Schmidt

Institute of Pharmaceutical Biology and Phytochemistry, University of Münster, Corrensstrasse 48, D-48149 Münster, Germany

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Reaxys, CaPlus / SciFinder, MarinLit, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.1 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
