

Special Issue

Nanoprobes for Biological Imaging and Detection

Message from the Guest Editor

This Special Issue invites submissions highlighting recent progress related to the use of fluorescent nanoprobes for bio-imaging and detection. We invite original research articles, reviews, and commentaries in the fields of design and fabrication of fluorescent nanoprobes, intensive study on the properties of nanoprobes, application of nanoprobes in bio-imaging and detection, and the uptake and metabolisms of nanoprobes in cells and tissues.

- fluorescent nanoprobes
- bio-imaging and detection
- biocompatible
- organic fluorescent dyes (OFDs)
- encapsulation of organic fluorescent dyes
- stimuli-responsive emission

Guest Editor

Prof. Dr. Bo Song

College of Chemistry, Chemical Engineering and Materials Science,
Soochow University, Suzhou 215123, China

Deadline for manuscript submissions

closed (31 August 2021)

About the Journal

Message from the Editor-in-Chief

As the premier open access journal dedicated to experimental organic chemistry, and now in its 25th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts and novel materials. Pushing the boundaries of the discipline, we invite papers on multidisciplinary topics bridging biochemistry, biophysics and materials science, as well as timely reviews and topical issues on cutting edge fields in all these areas.

Editor-in-Chief

Prof. Dr. Thomas J. Schmidt

Institute of Pharmaceutical Biology and Phytochemistry, University of Münster, Corrensstrasse 48, D-48149 Münster, Germany

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Reaxys, CaPlus / SciFinder, MarinLit, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.1 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
