

Special Issue

Chemical Research on Novel Packaging Materials

Message from the Guest Editor

The editorial board of *Molecules* invites you to submit an article to a Special Issue entitled "Chemical Research on Novel Packaging Materials". The subject is very broad and the interest in the field is high; for this reason, we encourage scientists from different branches of chemistry to share their scientific results and ideas concerning these new kinds of materials in our Special Issue. Thanks to the open-access platform, we can count on a wider audience of readers. Contributions to this issue, both in the form of original research or review articles, covering all aspects of new packaging materials including chemical synthesis, modification, processing, and, of course, application will be particularly welcome. *Molecules* is indexed by the Science Citation Index Expanded (Web of Science), MEDLINE (PubMed) and other databases, and has an Impact Factor of 4.927 (2021).

Guest Editor

Prof. Dr. Jacek Nowaczyk

About the Journal

Message from the Editor-in-Chief

As the premier open access journal dedicated to experimental organic chemistry, and now in its 25th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts and novel materials. Pushing the boundaries of the discipline, we invite papers on multidisciplinary topics bridging biochemistry, biophysics and materials science, as well as timely reviews and topical issues on cutting edge fields in all these areas.

Editor-in-Chief

Prof. Dr. Thomas J. Schmidt

Institute of Pharmaceutical Biology and Phytochemistry, University of Münster, Corrensstrasse 48, D-48149 Münster, Germany

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Reaxys, CaPlus / SciFinder, MarInLit, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.1 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
