

Special Issue

Electrochemical Biosensors: From Design to Application, 2nd Edition

Message from the Guest Editors

This Special Issue will study electrochemical biosensor technologies, ranging from innovative sensor design to biochemical applications (e.g., biochemical analysis, healthcare monitoring, food detection, pathogen detection.). This Special Issue will gather original articles and reviews showing the latest research, innovative fabrication and biochemical applications, new challenges, and future perspectives regarding electrochemical biosensor technologies.

Guest Editors

Dr. Jiao Zhai

Department of Biomedical Sciences, City University of Hong Kong, Hong Kong, China

Dr. Yanwei Jia

State Key Laboratory of Analog and Mixed-Signal VLSI, Institute of Microelectronics, University of Macau, Macau, China

Deadline for manuscript submissions

31 October 2025

About the Journal

Message from the Editor-in-Chief

As the premier open access journal dedicated to experimental organic chemistry, and now in its 25th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts and novel materials. Pushing the boundaries of the discipline, we invite papers on multidisciplinary topics bridging biochemistry, biophysics and materials science, as well as timely reviews and topical issues on cutting edge fields in all these areas.

Editor-in-Chief

Prof. Dr. Thomas J. Schmidt

Institute of Pharmaceutical Biology and Phytochemistry, University of Münster, Corrensstrasse 48, D-48149 Münster, Germany

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Reaxys, CaPlus / SciFinder, MarinLit, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.1 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
