

Special Issue

Selected Papers from the 21th National Symposium on Macrocyclic Chemistry and the 13th National Symposium on Supramolecular Chemistry

Message from the Guest Editor

The 21st National Symposium on Macrocyclic Chemistry and 13th National Symposium on Supramolecular Chemistry will be held at Tianjin Normal University in August (15–18), 2023. This conference is an internationally recognized symposium held every two years in different cities of China, aiming to promote the cross and penetration of macrocyclic chemistry and supramolecular chemistry in the fields of materials, pharmacy, biology, medicine and other disciplines, and create an important platform for experts and scholars engaged in macrocyclic chemistry and supramolecular chemistry to exchange research results, to contribute to the sustainable development of chemistry-related fields. The Scientific Committee would like to invite scientists with expertise in macrocyclic chemistry, molecular devices and molecular machines, molecular self-assembly and assembly, rotaxanes and pseudorotaxanes, supramolecular polymers, soft matter, optoelectronic materials and devices, chemical and biosensors to submit an article to this Special Issue of the journal *Molecules*. Three types of contributions will be considered: (i) research articles; (ii) communications; and (iii) reviews.

Guest Editor

Prof. Dr. Chunju Li

Tianjin Key Laboratory of Structure and Performance for Functional Molecules, College of Chemistry, Tianjin Normal University, Tianjin 300387, China

Deadline for manuscript submissions

About the Journal

Message from the Editor-in-Chief

As the premier open access journal dedicated to molecular chemistry, now in its 30th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts, and novel materials. Pushing the boundaries of the discipline, we invite papers on all major fields of molecular chemistry and multidisciplinary topics bridging chemistry with biology, physics, and materials science, as well as timely reviews and topical issues on cutting-edge fields in all of these areas.

Editor-in-Chief

Prof. Dr. Thomas J. Schmidt

Institute of Pharmaceutical Biology and Phytochemistry, University of Münster, Corrensstrasse 48, D-48149 Münster, Germany

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Reaxys, CaPlus / SciFinder, MarInLit, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 15.1 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the second half of 2025).
