Special Issue

30th Anniversary of Molecules—Recent Advances in Analytical Chemistry

Message from the Guest Editors

As we mark the 30th anniversary of *Molecules*, we are delighted to announce the launch of a Special Issue titled "30th Anniversary of *Molecules*—Recent Advances in Analytical Chemistry". Over the past three decades, *Molecules* has evolved into a pivotal platform for sharing groundbreaking scientific research. We extend our heartfelt thanks to our readers, authors, peer reviewers, and editorial team. Your unwavering support and active collaboration have been instrumental in reaching this significant milestone. This Special Issue aims to showcase the latest advances and innovations across the spectrum of analytical chemistry. We invite you to submit high-quality articles or reviews that focus on the innovation, evaluation, and application of analytical methods or techniques. We anticipate contributions from experts across all disciplines of analytical chemistry. Thank you for being a part of our journey.

Guest Editors

Prof. Dr. Wilfried Rozhon

Prof. Dr. Simone Morais

Prof. Dr. Agostinho Almeida

Deadline for manuscript submissions

31 December 2026

About the Journal

Message from the Editor-in-Chief

As the premier open access journal dedicated to experimental organic chemistry, and now in its 25th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts and novel materials. Pushing the boundaries of the discipline, we invite papers on multidisciplinary topics bridging biochemistry, biophysics and materials science, as well as timely reviews and topical issues on cutting edge fields in all these areas.

Editor-in-Chief

Prof. Dr. Thomas J. Schmidt

Institute of Pharmaceutical Biology and Phytochemistry, University of Münster, Corrensstrasse 48, D-48149 Münster, Germany

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Reaxys, CaPlus / SciFinder, MarinLit, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.1 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
