

Special Issue

Mass Spectrometry for Biomedical and Food Analysis

Message from the Guest Editors

The present Special Issue will gather works covering the latest research trends in biomedical and food analysis. By collecting contributions from specialist scientists of the field, this Issue will aim to advance the knowledge and to increase the expertise on biomedical analysis, pharmaceutical science, and food chemistry. We invite authors to report approaches based on mass spectrometry, chromatography, and hyphenated techniques. We welcome the submission of both original research articles and review articles on biomolecule detection, pharmaceutical analysis, food chemistry, certified reference material development and sample preparation strategies.

Guest Editors

Dr. Wen Ma

State Key Laboratory of Natural and Biomimetic Drugs, School of Pharmaceutical Sciences, Peking University, Beijing 100191, China

Dr. Xianjiang Li

National Institute of Metrology China, Beijing 100029, China

Deadline for manuscript submissions

closed (31 December 2023)

About the Journal

Message from the Editor-in-Chief

As the premier open access journal dedicated to experimental organic chemistry, and now in its 25th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts and novel materials. Pushing the boundaries of the discipline, we invite papers on multidisciplinary topics bridging biochemistry, biophysics and materials science, as well as timely reviews and topical issues on cutting edge fields in all these areas.

Editor-in-Chief

Prof. Dr. Thomas J. Schmidt

Institute of Pharmaceutical Biology and Phytochemistry, University of Münster, Corrensstrasse 48, D-48149 Münster, Germany

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Reaxys, CaPlus / SciFinder, MarinLit, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.1 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
