

## Special Issue

# Feature Papers in Organic Chemistry—Third Edition

### Message from the Guest Editors

It is our pleasure to announce a new Special Issue, *Feature Papers in Organic Chemistry—Third Edition*. We aim to bring together a collection of high-quality papers (original research articles and comprehensive review papers) which will be published in an open access format. Articles are welcome from Editorial Board Members and scholars invited by the Editorial Office and . This Special Issue aims to discuss new knowledge or novel cutting-edge developments in organic chemistry through the collected works, in the hope of offering a significant contribution to the research community. We intend for this Special Issue to be the optimal forum for disseminating research findings, as well as for sharing innovative ideas in the field—we look forward to your contributions.

### Guest Editors

Prof. Dr. Roman Dembinski

Department of Chemistry, Oakland University, 146 Library Drive,  
Rochester, MI 48309-4479, USA

Dr. Jacek Nycz

Institute of Chemistry, Faculty of Science and Technology, University of  
Silesia in Katowice, ul. Szkolna 9, 40-006 Katowice, Poland

### Deadline for manuscript submissions

31 March 2026

## About the Journal

### Message from the Editor-in-Chief

As the premier open access journal dedicated to experimental organic chemistry, and now in its 25th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts and novel materials. Pushing the boundaries of the discipline, we invite papers on multidisciplinary topics bridging biochemistry, biophysics and materials science, as well as timely reviews and topical issues on cutting edge fields in all these areas.

---

### Editor-in-Chief

Prof. Dr. Thomas J. Schmidt

Institute of Pharmaceutical Biology and Phytochemistry, University of Münster, Corrensstrasse 48, D-48149 Münster, Germany

---

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Reaxys, CaPlus / SciFinder, MarinLit, AGRIS, and other databases.

#### Journal Rank:

JCR - Q2 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.1 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
