

Special Issue

150th Anniversary of the Creation of the Faculty of Pharmacy of Nancy, Université de Lorraine, France

Message from the Guest Editors

On October 1, 1872, following the transfer of the “Ecole Supérieure de Pharmacie de Strasbourg”, the “Ecole Supérieure de Pharmacie de Nancy” was created. This Special Issue therefore aims to mark the 150th anniversary of the creation of the “Ecole Supérieure de Pharmacie de Nancy” (which will become a Faculty in 1920). This Special Issue may include original research, review as well as comment articles on research works that have been carried out at the “Faculté de Pharmacie de Nancy” during its 150 years.

Guest Editors

Prof. Dr. Raphaël E. Duval
Dr. Julien Perrin
Dr. Caroline Gaucher

About the Journal

Message from the Editor-in-Chief

As the premier open access journal dedicated to molecular chemistry, now in its 30th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts, and novel materials. Pushing the boundaries of the discipline, we invite papers on all major fields of molecular chemistry and multidisciplinary topics bridging chemistry with biology, physics, and materials science, as well as timely reviews and topical issues on cutting-edge fields in all of these areas.

Editor-in-Chief

Prof. Dr. Thomas J. Schmidt

Institute of Pharmaceutical Biology and Phytochemistry, University of Münster, Corrensstrasse 48, D-48149 Münster, Germany

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Reaxys, CaPlus / SciFinder, MarinLit, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 15.1 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the second half of 2025).
