

Special Issue

Medicinal Strategies to Discover Novel Bio-active Small Molecules

Message from the Guest Editor

Dear colleagues: Contributions to the identification of effective bioactive small molecules, which are derived from either drug design strategies or a computer-aided approach or combinations thereof, are welcome. Both research papers and reviews are considered.

Submissions to the Special Issue must generally adhere to the Author Guidelines of *Molecules*. Exceptions can occasionally be made if findings of outstanding significance for medicinal chemistry and drug discovery are presented. The deadline for submissions to the Special Issue is 31 December 2022. We look forward to receiving many first-class contributions advancing the field.

Guest Editor

Prof. Dr. Xun Li

Department of Medicinal Chemistry, School of Pharmaceutical Science, Shandong University, Jinan 250012, China

About the Journal

Message from the Editor-in-Chief

As the premier open access journal dedicated to experimental organic chemistry, and now in its 25th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts and novel materials. Pushing the boundaries of the discipline, we invite papers on multidisciplinary topics bridging biochemistry, biophysics and materials science, as well as timely reviews and topical issues on cutting edge fields in all these areas.

Editor-in-Chief

Prof. Dr. Thomas J. Schmidt

Institute of Pharmaceutical Biology and Phytochemistry, University of Münster, Corrensstrasse 48, D-48149 Münster, Germany

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Reaxys, CaPlus / SciFinder, MarinLit, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.1 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
