

Special Issue

Frontier in Green Chemistry Approaches II

Message from the Guest Editor

The 2nd edition of this Special Issue will highlight recent advances in green chemistry in general. To date, a wide variety of green chemistry approaches have been developed and used for organic reactions. We encourage submissions that explore novel green chemistry approaches that can impact society. Papers that focus on development of new green chemistry metrics are also encouraged. We invite submissions of original research and review articles for this Special Issue of *Molecules*.

Guest Editor

Dr. Kei Saito

School of Chemistry, Monash University, Clayton, VIC 3800, Australia

Deadline for manuscript submissions

About the Journal

Message from the Editor-in-Chief

As the premier open access journal dedicated to experimental organic chemistry, and now in its 25th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts and novel materials. Pushing the boundaries of the discipline, we invite papers on multidisciplinary topics bridging biochemistry, biophysics and materials science, as well as timely reviews and topical issues on cutting edge fields in all these areas.

Editor-in-Chief

Prof. Dr. Thomas J. Schmidt

Institute of Pharmaceutical Biology and Phytochemistry, University of Münster, Corrensstrasse 48, D-48149 Münster, Germany

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Reaxys, CaPlus / SciFinder, MarinLit, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.1 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
