

Special Issue

Recent Advances in Metal Radionuclides

Message from the Guest Editors

You are cordially invited to contribute to this Special Issue, "Recent Advances in Metal Radionuclides", with original articles as well as reviews and short communications. Areas of interest include, but are not limited to, the following:

- Production and separation of innovative radiometals;
- New chelators moiety for radiometals: synthesis and performances;
- Innovative labelling methods: processes and technologies;
- Radiometals containing radiopharmaceuticals: synthesis and preclinical studies;
- Theragnostic radiopharmaceuticals;
- Innovative metal labelled targeting vector for nuclear imaging or therapy.

Guest Editors

Dr. Mattia Asti

Radiopharmaceutical Chemistry Section, Nuclear Medicine Unit, AUSL-IRCCS di Reggio Emilia, Viale Risorgimento 80, 42122 Reggio Emilia, Italy

Dr. Marianna Tosato

Department of Chemical Sciences, University of Padua, 35131 Padua, Italy

Deadline for manuscript submissions

closed (31 December 2023)

About the Journal

Message from the Editor-in-Chief

As the premier open access journal dedicated to molecular chemistry, now in its 30th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts, and novel materials. Pushing the boundaries of the discipline, we invite papers on all major fields of molecular chemistry and multidisciplinary topics bridging chemistry with biology, physics, and materials science, as well as timely reviews and topical issues on cutting-edge fields in all of these areas.

Editor-in-Chief

Prof. Dr. Thomas J. Schmidt

Institute of Pharmaceutical Biology and Phytochemistry, University of Münster, Corrensstrasse 48, D-48149 Münster, Germany

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Reaxys, CaPlus / SciFinder, MarInLit, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 15.1 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the second half of 2025).
