

Special Issue

Methods and Protocols 2022

Message from the Guest Editors

We are pleased to announce a Special Issue entitled "Methods and Protocols 2022", which will be the New Year Special Issue Series of *Methods and Protocols*. For this Special Issue, we are seeking the submissions from our Academic Editors, authors, and reviewers. The papers in this Special Issue will be published via our open-access platform after a thorough peer review. We look forward to receiving your excellent work.

Guest Editors

Prof. Dr. Fernando Albericio

1. School of Chemistry and Physics, University of KwaZulu-Natal, Durban, South Africa
2. Department of Organic Chemistry, University of Barcelona, Barcelona, Spain

Dr. Jongik Hwang

✉Graduate School of Biomedical Science, College of Medicine, Korea University, 145 Anam-ro, Anam-dong, Seongbuk-gu, Seoul 02841, Republic of Korea

Deadline for manuscript submissions

closed (31 December 2022)

About the Journal

Message from the Editor-in-Chief

Methods and Protocols (ISSN 2409-9279) is an open access journal devoted to the publication of new procedural approaches and cutting-edge methodological developments. The ultimate objective of this new forum of scientific communication is to provide researchers with an indispensable tool, enabling better use of the latest scientific technologies. With a broad and totally interdisciplinary focus, *Methods and Protocols* was established with the objective of facilitating cross-fertilization and cross-talk in the scientific arena. Methods and protocols in Life Sciences, Chemistry, Biomedical Sciences, Engineering, and in their intersections such as Biotechnology and Nanotechnology will constitute the core of the journal. However, we anticipate that other fundamental disciplines such as Physics or Geology will be rapidly incorporated.

Editor-in-Chief

Prof. Dr. Fernando Albericio
