Message from the Guest Editor

Dear Colleagues,

This Special Issue, titled “Feature Papers in *Muscles*”, is designed to celebrate the founding of the open access journal *Muscles* (ISSN 2813-0413, <https://www.mdpi.com/journal/muscles>). The scope of this Special Issue covers all aspects of muscle-related science, including muscle microanatomy, muscle biochemistry, muscle cell biology, muscle epidemiology, muscle immunology, muscle pathology, muscle pharmacology, muscle physiology, muscle toxicology and muscle diseases, etc.

This Special Issue will comprise a collection of high-quality papers published free of charge in open access form by Editorial Board Members or authors invited by the Guest Editors and Editorial Office. Both original research articles and comprehensive review papers are welcome.

Message from the Editor-in-Chief

Muscles is a publishing platform that promotes discoveries related to the realm of neuromuscular disorders (genetic and acquired neuromuscular disorders in man) and relevant cell and animal models. The journal aims to be a publishing venue that disseminates scientific papers with emphasis on multidisciplinary approaches to understand the complexities and interactions occurring on a variety of metabolic, endocrinological and neurogenic disorders. Papers on sarcopenia, exercise and atrophy/ hypertrophy of muscles will be given space and attention, as will clinical trials and possible pharmacological interventions. A rapid turnaround time and full open access provide the opportunity to make research results immediately available to scientific communities and the general public.

Author Benefits

Open Access: free for readers, with **article processing charges (APC)** paid by authors or their institutions.

High Visibility: indexed within **ESCI (Web of Science), Scopus, PubMed, PMC, Embase,** and **other databases.**

Rapid Publication: manuscripts are peer-reviewed and a first decision is provided to authors approximately 23.5 days after submission; acceptance to publication is undertaken in 5.2 days (median values for papers published in this journal in the second half of 2025).
