## Feature Papers in Neurosci

### Message from the Guest Editors

This Special Issue of *NeuroSci* is dedicated to recent advances in nervous systems, neurons and neural circuits, neuroanatomy, neurophysiology, neuropharmacology, molecular and cellular neuroscience, neuropsychology, psychiatry, cognitive and behavioral neuroscience, and computational neuroscience and comprises a diverse selection of exclusive papers of the Editorial Board Members (EBMs) of *NeuroSci*. It focuses on highlighting recent interesting investigations conducted in the laboratories or clinics of our journal's EBMs and represents our journal as an attractive open-access publishing platform for neurology-related research data or reviews.

## About the Journal

### Message from the Editor-in-Chief

*NeuroSci* (ISSN 2673-4087) is an international, peer-reviewed open access journal focusing on neurology and neuroscience. The journal publishes comprehensive reviews, original research papers and high-quality communications. Our aim is to encourage scientists to publish their novel findings and concepts in fundamental and clinical neuroscience as much detail as possible. We invite you to read recent articles published in *NeuroSci* and consider publishing your next paper with us.
