Message from the Guest Editors

Dear Colleagues,

We are pleased to announce a Special Issue titled "Effects of Plant Extracts on Human Health" in *Nutrients*. This issue aims to explore the diverse impacts of plant extracts on human health, spanning from their nutritional value to their potential therapeutic effects/nutraceuticals.

We invite researchers, scientists, and experts to contribute their original research and reviews to this Special Issue. Submissions may include, but are not limited to, studies investigating:

The bioactive compounds present in plant extracts;

The mechanisms underlying the health effects of plant extracts;

The role of plant extracts in preventing or treating various health conditions;

The potential synergistic effects of combining different plant extracts;

The impact of processing and preparation methods on the bioavailability of plant extract compounds;

The utilization of plant extracts in functional foods and nutraceuticals.
