Message from the Guest Editors

Dear Colleagues,

Fructose and glucose: The fuels of life or the drivers of obesity? Wherever your views lie, we welcome quality research and review manuscripts that will place these carbohydrates into the perspective of contemporary living. This is a Special Issue with a broad reach with the potential to delve into archaeology, natural history, basic science, epidemiology, physiology, genetics, interventions, and reviews. This is a great opportunity to make a contribution describing the roles of fructose and glucose in human health and disease.
