Dietary Fructose and Glucose: The Multifaceted Aspects of their Metabolism and Implication for Human Health

Message from the Guest Editor

Dear Colleagues,

We welcome the submission of manuscripts, either describing original research, or reviewing scientific literature. Manuscripts should focus on well-defined topics not previously reported extensively in the literature, such as (but not limited to):

- functional aspects of fructose and glucose metabolism
- health effects of chronic fructose consumption
- molecular and mechanistic insights of hexoses-induced adaptations
- sugars, sweet taste receptors and brain responses
- intervention studies in humans

Papers covering species comparisons of nutrition/metabolism or evolutionary perspectives, or effects of fructose and glucose in specific physiological conditions (physical activity, pregnancy, growth, etc.) or special tissues (testis, placenta) are welcome.

Prof. Luc Tappy
Guest Editor
**Editor-in-Chiefs**

**Prof. Dr. Lluis Serra-Majem**  
Professor of Preventive Medicine & Public Health  
Director of the Research Institute of Biomedical and Health Sciences  
University of Las Palmas de Gran Canaria, Spain

**Prof. Dr. Maria Luz Fernandez**  
Department of Nutritional Sciences, University of Connecticut, Storrs, CT 06269, USA

**Message from the Editorial Board**

Nutrients is an on-line open access journal that was first published in 2009. Nutrients adheres to rigorous peer-review and editorial processes and publishes only high quality manuscripts that address important issues related to the impacts of nutrients on human health. The Impact Factor of Nutrients has risen rapidly since its establishment and it is now ranked in the first quartile of journals publishing in the field of nutrition and dietetics research.

---

**Author Benefits**

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High visibility:** indexed by the Science Citation Index Expanded (Web of Science), MEDLINE (PubMed), Scopus and other databases. Full-text available in PubMed Central.

**Rapid publication:** manuscripts are peer-reviewed and a first decision provided to authors approximately 14.2 days after submission; acceptance to publication is undertaken in 4.4 days (median values for papers published in this journal in the second half of 2018).
