The Role of Dietary and Nutritional Factors in Cancer Treatment

Message from the Guest Editor

Dietary and nutritional factors have significant effects on cancer development and progression. Dietary and botanical compounds have a potential role in cancer treatment, including the prevention of side effects caused by hormone therapy, radiation therapy, chemotherapy, immunotherapy, and targeted agents. It is widely known that certain dietary factors play a significant role in cancer prevention. There is also accumulating data that dietary and nutritional components, as well as non-dietary botanicals and natural products, have significant anti-cancer effects. In this Special Issue, we will focus on the role of dietary and nutritional factors in (a) cancer treatment and (b) the modulation of the side effects in cancer treatment. We aim to collate papers on the effects of single and multiple compounds as potential anti-cancer agents. We also welcome the inclusion of articles on nutritional supplements, including botanical compounds used in clinical nutrition from different regions.

About the Journal

Message from the Editorial Board

Nutrients is an on-line open access journal that was first published in 2009. *Nutrients* adheres to rigorous peer-review and editorial processes and publishes only high quality manuscripts that address important issues related to the impacts of nutrients on human health. The Impact Factor of *Nutrients* has risen rapidly since its establishment and it is now ranked in the first quartile of journals publishing in the field of nutrition and dietetics research.

Editors-in-Chief

Prof. Dr. Lluís Serra-Majem

1. Centro de Investigación Biomédica en Red Fisiopatología de la Obesidad y la Nutrición (CIBEROBN), Institute of Health Carlos III, 28029 Madrid, Spain
2. Research Institute of Biomedical and Health Sciences (UIBS), University of Las Palmas de Gran Canaria, 35001 Las Palmas, Spain
3. Preventive Medicine Service, Centro Hospitalario Universitario Insular Materno Infantil (CHUIMI), Canarian Health Service, 35016 Las Palmas, Spain

Prof. Dr. Maria Luz Fernandez
