

Special Issue

Nutritional Strategies in Inflammatory Bowel Disease—2nd Edition

Message from the Guest Editors

Nutritional therapy for inflammatory bowel disease (IBD) has been the subject of extensive research in recent years, resulting in the accumulation of substantial evidence highlighting the crucial connection between diet and gastrointestinal mucosal inflammation. Whether aimed at mitigating active inflammation, ameliorating functional symptoms, or sustaining remission, scholars and practitioners in the field of nutritional therapy for IBD have been instrumental in instigating significant shifts in dietary practices for these patients.

Considering the success of the previous Special Issue, "Nutritional Strategies in Inflammatory Bowel Disease", we are pleased to announce that we are launching a second edition. The objective of this second edition is to welcome original research and reviews of the literature concerning this important topic.

About the Journal

Message from the Editorial Board

Nutrients is an on-line open access journal that was first published in 2009. *Nutrients* adheres to rigorous peer-review and editorial processes and publishes only high quality manuscripts that address important issues related to the impacts of nutrients on human health. The Impact Factor of *Nutrients* has risen rapidly since its establishment and it is now ranked in the first quartile of journals publishing in the field of nutrition and dietetics research.

Editors-in-Chief

Prof. Dr. Lluís Serra-Majem

1. Centro de Investigación Biomédica en Red Fisiopatología de la Obesidad y la Nutrición (CIBEROBN), Institute of Health Carlos III, 28029 Madrid, Spain
2. Research Institute of Biomedical and Health Sciences (UIBS), University of Las Palmas de Gran Canaria, 35001 Las Palmas, Spain
3. Preventive Medicine Service, Centro Hospitalario Universitario Insular Materno Infantil (CHUIMI), Canarian Health Service, 35016 Las Palmas, Spain

Prof. Dr. Maria Luz Fernandez

Department of Nutritional Sciences, University of Connecticut, Storrs, CT 06269, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Embase, PubAg, AGRIS, and other databases.

Journal Rank:

JCR - Q1 (Nutrition and Dietetics) / CiteScore - Q1 (Nutrition and Dietetics)
