

Special Issue

Human Microbiota and Nutrition and Health: Proceedings from the 5th International Scientific Conference on Probiotics and Prebiotics

Message from the Guest Editors

It is a great pleasure to invite you to contribute to this Special Issue of *Nutrients*, related to the 5th International Scientific Conference on Probiotics and Prebiotics.

The conference and the forthcoming papers serve as an international forum for the presentation and discussion of current basic and clinical research in the field of probiotics and prebiotics. The conference theme will be “Probiotics and Prebiotics in Health Promotion”, with broad and deep discussions on various topics, including international expert consensus, regulations and standards on probiotics, prebiotics, and even post-probiotics; the role of probiotics, prebiotics, and post-probiotics on health; as well as interactions between nutrients and gut microbiota.

We are very honored to have experts around the world to share the updated information on this topic. All kinds of manuscripts are welcome to submit to the organizing committee via email (cpph@cnsoc.org). After initial evaluation, the committee will recommend you submit to the journal *Nutrients* if the paper meets the requirements of the journal. Accepted papers will receive 20% discount of the publication fee.

About the Journal

Message from the Editorial Board

Nutrients is an on-line open access journal that was first published in 2009. *Nutrients* adheres to rigorous peer-review and editorial processes and publishes only high quality manuscripts that address important issues related to the impacts of nutrients on human health. The Impact Factor of *Nutrients* has risen rapidly since its establishment and it is now ranked in the first quartile of journals publishing in the field of nutrition and dietetics research.
