

Special Issue

The Role of Sustainable Diet and Nutrition Management in the Prevention of Chronic Diseases

Message from the Guest Editors

Approximately 20% of global deaths are associated with poor diets, highlighting the importance of promoting healthy and sustainable diets and global food security. The transition to healthier and environmentally sustainable food consumption is complex, as it is affected by a variety of health, socioeconomic, agricultural and environmental factors. More interdisciplinarity research is needed to resolve the complexities regarding the support of sustainable healthy diets and food production toward both chronic disease prevention and environmental benefits.

This Special Issue encourages the submission of the latest research regarding technological, methodological and dietary strategies supporting sustainable healthy eating patterns for chronic disease management and prevention, particularly in the context of environmental impacts. We invite authors to contribute original research papers, as well as reviews (i.e., meta-analyses, systematic, scoping and narrative reviews).

About the Journal

Message from the Editorial Board

Nutrients is an on-line open access journal that was first published in 2009. *Nutrients* adheres to rigorous peer-review and editorial processes and publishes only high quality manuscripts that address important issues related to the impacts of nutrients on human health. The Impact Factor of *Nutrients* has risen rapidly since its establishment and it is now ranked in the first quartile of journals publishing in the field of nutrition and dietetics research.

Editors-in-Chief

Prof. Dr. Lluís Serra-Majem

1. Centro de Investigación Biomédica en Red Fisiopatología de la Obesidad y la Nutrición (CIBEROBN), Institute of Health Carlos III, 28029 Madrid, Spain
2. Research Institute of Biomedical and Health Sciences (UIBS), University of Las Palmas de Gran Canaria, 35001 Las Palmas, Spain
3. Preventive Medicine Service, Centro Hospitalario Universitario Insular Materno Infantil (CHUIMI), Canarian Health Service, 35016 Las Palmas, Spain

Prof. Dr. Maria Luz Fernandez

Department of Nutritional Sciences, University of Connecticut, Storrs, CT 06269, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Embase, PubAg, AGRIS, and other databases.

Journal Rank:

JCR - Q1 (Nutrition and Dietetics) / CiteScore - Q1 (Nutrition and Dietetics)
