

Special Issue

The Impact of Alcoholic Beverages on Human Health

Message from the Guest Editor

Alcohol is often perceived as an underrated risk factor for human health. The aim of this Special Issue is to correct misperceptions and misinformation by providing up to date reviews and publications that consider the impact of alcoholic beverages on human health in the domains of toxicity, carcinogenicity, genotoxicity, foetal toxicity, neurotoxicity, impacts of alcohol on the gastrointestinal system (including nutrient deficiencies), cardiovascular system, injuries, body weight, and communicable diseases. Whilst it is the aim that the bulk of the papers cover issues of impact on health, reviews and papers should also address how the impact of alcohol on human health can be mitigated—for example, improved labelling on nutrients and health warnings, better policy measures, and actions by alcohol producers on their products through reformulation to lower alcoholic strength. We aim for a state-of-the-art Special Issue that describes in full the harm that alcohol can have on human health, and the measures that can be put in place to mitigate harm.

About the Journal

Message from the Editorial Board

Nutrients is an on-line open access journal that was first published in 2009. *Nutrients* adheres to rigorous peer-review and editorial processes and publishes only high quality manuscripts that address important issues related to the impacts of nutrients on human health. The Impact Factor of *Nutrients* has risen rapidly since its establishment and it is now ranked in the first quartile of journals publishing in the field of nutrition and dietetics research.

Editors-in-Chief

Prof. Dr. Lluís Serra-Majem

1. Centro de Investigación Biomédica en Red Fisiopatología de la Obesidad y la Nutrición (CIBEROBN), Institute of Health Carlos III, 28029 Madrid, Spain
2. Research Institute of Biomedical and Health Sciences (IUIBS), University of Las Palmas de Gran Canaria, 35001 Las Palmas, Spain
3. Preventive Medicine Service, Centro Hospitalario Universitario Insular Materno Infantil (CHUIMI), Canarian Health Service, 35016 Las Palmas, Spain
