

Special Issue

Effect of Environmentally Sustainable Diets on Human Health

Message from the Guest Editor

Sustainable diets have been defined by the Food and Agriculture Organization (FAO) as diets with low environmental impact that contribute to food and nutritional security and a healthy life for present and future generations. This type of diet improves protection and respect for biodiversity and ecosystem

Key questions in the field include: What environmental impact is derived from each type of food? How can we identify health and environmental co-benefits derived from a sustainable diet? How can we identify promotion strategies that favor the implementation of sustainable dietary patterns?

This Special Issue will touch upon the many aspects that relate to health, with a focus on three different directions:

Combined effects of environmental pollution and diet behaviors on health.

Emerging environmental pollutants such as microplastics and classical physical factors such as radiation and particulate matter, which may have negative health effects.

The roles of environmentally sustainable diets in the prevention of environmental pollution-induced disorder.

About the Journal

Message from the Editorial Board

Nutrients is an on-line open access journal that was first published in 2009. *Nutrients* adheres to rigorous peer-review and editorial processes and publishes only high quality manuscripts that address important issues related to the impacts of nutrients on human health. The Impact Factor of *Nutrients* has risen rapidly since its establishment and it is now ranked in the first quartile of journals publishing in the field of nutrition and dietetics research.

Editors-in-Chief

Prof. Dr. Lluís Serra-Majem

1. Centro de Investigación Biomédica en Red Fisiopatología de la Obesidad y la Nutrición (CIBEROBN), Institute of Health Carlos III, 28029 Madrid, Spain
2. Research Institute of Biomedical and Health Sciences (UIBS), University of Las Palmas de Gran Canaria, 35001 Las Palmas, Spain
3. Preventive Medicine Service, Centro Hospitalario Universitario Insular Materno Infantil (CHUIMI), Canarian Health Service, 35016 Las Palmas, Spain

Prof. Dr. Maria Luz Fernandez
