

Special Issue

Fructose and Glucose Intake and Human Health

Message from the Guest Editors

Fructose and glucose: The fuels of life or the drivers of obesity? Wherever your views lie, we welcome quality research and review manuscripts that will place these carbohydrates into the perspective of contemporary living. This is a Special Issue with a broad reach with the potential to delve into archaeology, natural history, basic science, epidemiology, physiology, genetics, interventions, and reviews. This is a great opportunity to make a contribution describing the roles of fructose and glucose in human health and disease.

Guest Editors

Dr. Bernard Venn

Department of Human Nutrition, University of Otago, Dunedin 9054, New Zealand

Dr. Barbara Fielding

Faculty of Health and Medical Sciences, University of Surrey, Guildford, UK

About the Journal

Message from the Editorial Board

Nutrients is an on-line open access journal that was first published in 2009. *Nutrients* adheres to rigorous peer-review and editorial processes and publishes only high quality manuscripts that address important issues related to the impacts of nutrients on human health. The Impact Factor of *Nutrients* has risen rapidly since its establishment and it is now ranked in the first quartile of journals publishing in the field of nutrition and dietetics research.
