

## Special Issue

# The Role of Dietary Guidelines in Health and Disease

### Message from the Guest Editor

We are pleased to announce the Special Issue of *Nutrients* entitled “The Role of Dietary Guidelines in Health and Disease.” Although general dietary guidelines, such as the Dietary Guidelines for Americans or the Taiwan Daily Food Guide, have been developed based on nutritional knowledge, few studies have examined the effectiveness of guideline adherence on health outcomes. This Special Issue aims to fill this gap by providing a platform for original research and literature reviews that examine the potential effects of general dietary guidelines on health outcomes. In addition, this Special Issue will also explore the specific health benefits of certain dietary guidelines, such as the Mediterranean diet or the Dietary Approaches to Stop Hypertension (DASH) diet. This Special Issue aims to provide a comprehensive understanding of the role of dietary guidelines in promoting health and preventing disease.

## About the Journal

### Message from the Editorial Board

*Nutrients* is an on-line open access journal that was first published in 2009. *Nutrients* adheres to rigorous peer-review and editorial processes and publishes only high quality manuscripts that address important issues related to the impacts of nutrients on human health. The Impact Factor of *Nutrients* has risen rapidly since its establishment and it is now ranked in the first quartile of journals publishing in the field of nutrition and dietetics research.

### Editors-in-Chief

Prof. Dr. Lluís Serra-Majem

1. Centro de Investigación Biomédica en Red Fisiopatología de la Obesidad y la Nutrición (CIBEROBN), Institute of Health Carlos III, 28029 Madrid, Spain
2. Research Institute of Biomedical and Health Sciences (IUIBS), University of Las Palmas de Gran Canaria, 35001 Las Palmas, Spain
3. Preventive Medicine Service, Centro Hospitalario Universitario Insular Materno Infantil (CHUIMI), Canarian Health Service, 35016 Las Palmas, Spain

Prof. Dr. Maria Luz Fernandez

Department of Nutritional Sciences, University of Connecticut, Storrs, CT 06269, USA

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Embase, PubAg, AGRIS, and other databases.

#### Journal Rank:

JCR - Q1 (Nutrition and Dietetics) / CiteScore - Q1 (Nutrition and Dietetics)
