Nuts: Where We Are and Where We Are Going in Research. Proceedings from the NUTS 2022 International Conference

Message from the Guest Editors

NUTS2022 (<https://nuts2022.com/>) is an international scientific meeting that will take place in Reus (Spain) on 20–21 October 2022. We want to take advantage of the high quality of the *Nutrients* journal in order to publish the proceedings from this important meeting that will gather different worldwide experts in the nut/dried fruits–disease axis. We plan on publishing at least 10 manuscripts following these key topics: (1) nuts, energy balance, and body weight; (2) nuts, insulin resistance, and diabetes; (3) nuts, lipoproteins, and dyslipidemia; (4) nuts and the gastrointestinal system; (5) nuts, inflammation, and oxidation; (6) nuts and cardiovascular disease outcomes; (7) nut consumption, aging, and cognition; (8) nuts and cancer; (9) dried fruit and health; and (10) future lines of research.

About the Journal

Message from the Editorial Board

Nutrients is an on-line open access journal that was first published in 2009. *Nutrients* adheres to rigorous peer-review and editorial processes and publishes only high quality manuscripts that address important issues related to the impacts of nutrients on human health. The Impact Factor of *Nutrients* has risen rapidly since its establishment and it is now ranked in the first quartile of journals publishing in the field of nutrition and dietetics research.
