Enteral Nutrition—Current Insights and Future Direction

Message from the Guest Editors

Enteral nutrition (EN) is an essential aspect of clinical nutrition, especially for patients who cannot fulfill their nutritional needs through regular eating. As advances in nutritional science and technology progress, our comprehension of EN and its effects on patient outcomes have expanded considerably. This issue, titled “Enteral Nutrition—Current Insights and Future Direction”, aims to shed light on recent research, clinical applications, and creative methods in enteral nutrition while tackling upcoming challenges

About the Journal

Message from the Editorial Board

Nutrients is an on-line open access journal that was first published in 2009. *Nutrients* adheres to rigorous peer-review and editorial processes and publishes only high quality manuscripts that address important issues related to the impacts of nutrients on human health. The Impact Factor of *Nutrients* has risen rapidly since its establishment and it is now ranked in the first quartile of journals publishing in the field of nutrition and dietetics research.
