

## Special Issue

# Dietary Practices and Dietary Treatment in Phenylketonuria

### Message from the Guest Editors

We are pleased to announce the call for papers for a Special Issue on “Dietary Practices and Dietary Treatment in Phenylketonuria”. This Special Issue aims to collect and disseminate innovative research and clinical practices addressing the challenges and advancements in managing this genetic condition through dietary approaches. Topics of interest include the following:

- Effective dietary management strategies for phenylketonuria;
- Advances in dietary treatment and nutritional therapies;
- Impact of diet on patients' quality of life;
- Case studies and clinical experiences;
- Patient education and support for dietary adherence.

We look forward to your contributions and appreciate your participation in advancing the knowledge and treatment of phenylketonuria through dietary practices.
