Fermented Foods and Health

Message from the Guest Editor

Fermented foods are the rising dietary trend with many health-promoting claims attributed to them.

Representing the earliest form of food biotechnology, fermented foods have been consumed across the globe and have stood the test of time as they are nutritious and beneficial for health. However, today's scientific tools allow the in-depth investigation of the proposed health benefits and the components within fermented foods that may contribute to them. Is it the high content of nutritional fibre? Is it the consumption of probiotics? Furthermore, are there any health risks in consuming fermented foods? This Special Issue will focus on the different health benefits associated with fermented foods, from increasing gut microbiome diversity, improving immunity, and reducing chronic diseases to improving mental health. We aim to cover the evidence for the proposed benefits and the factors within fermented foods that are responsible for them. Furthermore, this Issue will address the risks involved in consuming fermented foods including the occurrence of mycotoxins.

About the Journal

Message from the Editorial Board

Nutrients is an on-line open access journal that was first published in 2009. *Nutrients* adheres to rigorous peer-review and editorial processes and publishes only high quality manuscripts that address important issues related to the impacts of nutrients on human health. The Impact Factor of *Nutrients* has risen rapidly since its establishment and it is now ranked in the first quartile of journals publishing in the field of nutrition and dietetics research.

Editors-in-Chief

Prof. Dr. Lluís Serra-Majem

1. Centro de Investigación Biomédica en Red Fisiopatología de la Obesidad y la Nutrición (CIBEROBN), Institute of Health Carlos III, 28029 Madrid, Spain
2. Research Institute of Biomedical and Health Sciences (UIBS), University of Las Palmas de Gran Canaria, 35001 Las Palmas, Spain
3. Preventive Medicine Service, Centro Hospitalario Universitario Insular Materno Infantil (CHUIMI), Canarian Health Service, 35016 Las Palmas, Spain
