

Special Issue

Endocrinology, Diabetes, and Clinical Nutrition

Message from the Guest Editor

Join us in shaping the future of clinical nutrition research in this Special Issue, with us as the for the journal *Nutrients*, in an upcoming section on **Clinical Nutrition**. We invite researchers specialized in nutrition, diabetes, obesity, chronic disease, eye health, epidemiology, aging, and global health to contribute their expertise and insights to this Special Issue. This is a unique opportunity to showcase your latest research findings, new methodologies, and evidence-based practices in the field of clinical nutrition. Together, let us advance our understanding of nutrition-related issues and promote positive outcomes for patient care and public health. Submit your article today and be part of this exciting initiative, which will have a meaningful impact on clinical nutrition research.

About the Journal

Message from the Editorial Board

Nutrients is an on-line open access journal that was first published in 2009. *Nutrients* adheres to rigorous peer-review and editorial processes and publishes only high quality manuscripts that address important issues related to the impacts of nutrients on human health. The Impact Factor of *Nutrients* has risen rapidly since its establishment and it is now ranked in the first quartile of journals publishing in the field of nutrition and dietetics research.
