

Special Issue

Dietary Carbohydrate and Human Health

Message from the Guest Editor

Incorporating carbohydrates into our diet can impact health in both a positive and negative manner. All carbohydrates are not created equally, and the metabolic consequences of a high-carbohydrate diet can vary depending on the quality of the carbohydrates consumed. In this Special Issue, we are interested in reporting novel evidence linking dietary carbohydrates to health. Please submit original research or reviews on the following topics: - Effects of carbohydrate quality on gut microbiota composition and metabolic risk; - Understanding the effect of genetic variation on carbohydrate metabolism and disease risk; - Effect of isolated fiber supplementation to manipulate the gut microbiota; - Novel dietary fibers and physiological health outcomes; - Dietary substitution models (replacement of refined with whole grains).

About the Journal

Message from the Editorial Board

Nutrients is an on-line open access journal that was first published in 2009. *Nutrients* adheres to rigorous peer-review and editorial processes and publishes only high quality manuscripts that address important issues related to the impacts of nutrients on human health. The Impact Factor of *Nutrients* has risen rapidly since its establishment and it is now ranked in the first quartile of journals publishing in the field of nutrition and dietetics research.

Editors-in-Chief

Prof. Dr. Lluís Serra-Majem

1. Centro de Investigación Biomédica en Red Fisiopatología de la Obesidad y la Nutrición (CIBEROBN), Institute of Health Carlos III, 28029 Madrid, Spain
2. Research Institute of Biomedical and Health Sciences (UIBS), University of Las Palmas de Gran Canaria, 35001 Las Palmas, Spain
3. Preventive Medicine Service, Centro Hospitalario Universitario Insular Materno Infantil (CHUIMI), Canarian Health Service, 35016 Las Palmas, Spain

Prof. Dr. Maria Luz Fernandez

Department of Nutritional Sciences, University of Connecticut, Storrs, CT 06269, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Embase, PubAg, AGRIS, and other databases.

Journal Rank:

JCR - Q1 (Nutrition and Dietetics) / CiteScore - Q1 (Nutrition and Dietetics)
