

Special Issue

Dietary Intake and Musculoskeletal Health

Message from the Guest Editor

Musculoskeletal diseases, such as osteoporosis, are a major health concern in ageing populations. Although various studies have shown that nutrition and lifestyle affect bone health, little is known about the complex interactions between these, as well as interactions with medication, genes, and other measures of musculoskeletal health. In this Special Issue, the state-of-the-art of the research on diet and musculoskeletal health will be presented, with particular attention to complex interactions between diet and other determinants of musculoskeletal diseases. Dr. Jessica Kiefte-de Jong

About the Journal

Message from the Editorial Board

Nutrients is an on-line open access journal that was first published in 2009. *Nutrients* adheres to rigorous peer-review and editorial processes and publishes only high quality manuscripts that address important issues related to the impacts of nutrients on human health. The Impact Factor of *Nutrients* has risen rapidly since its establishment and it is now ranked in the first quartile of journals publishing in the field of nutrition and dietetics research.

Editors-in-Chief

Prof. Dr. Lluís Serra-Majem

1. Centro de Investigación Biomédica en Red Fisiopatología de la Obesidad y la Nutrición (CIBEROBN), Institute of Health Carlos III, 28029 Madrid, Spain
2. Research Institute of Biomedical and Health Sciences (UIBS), University of Las Palmas de Gran Canaria, 35001 Las Palmas, Spain
3. Preventive Medicine Service, Centro Hospitalario Universitario Insular Materno Infantil (CHUIMI), Canarian Health Service, 35016 Las Palmas, Spain

Prof. Dr. Maria Luz Fernandez
