New Insight in Inflammatory Rheumatic Diseases and Nutrition

Message from the Guest Editors

We look forward to your work on the contribution of diet and nutrition in the pathophysiology of inflammatory rheumatic diseases, its place in therapeutic strategies, the management of comorbidities and in the development of a predictive individualized medicine. We welcome the submission of different types of manuscripts, including original research articles and up-to-date reviews (systematic reviews and meta-analyses). Potential topics include, but are not limited to, the following: - Role of diet in inflammatory rheumatic diseases and associated comorbidities - Role of gut microbiota in inflammatory rheumatic diseases and associated comorbidities - Personalized nutrition - Nutrigenomic, metabolomic and lipidomic approach - Body composition changes - Possible beneficial effects of bioactive molecule in inflammatory rheumatic diseases.

About the Journal

Message from the Editorial Board

Nutrients is an on-line open access journal that was first published in 2009. *Nutrients* adheres to rigorous peer-review and editorial processes and publishes only high quality manuscripts that address important issues related to the impacts of nutrients on human health. The Impact Factor of *Nutrients* has risen rapidly since its establishment and it is now ranked in the first quartile of journals publishing in the field of nutrition and dietetics research.
