

Special Issue

Effect of Vitamin D during Pregnancy on Maternal, Neonatal and Child Outcomes

Message from the Guest Editors

The objective of this proposed Special issue on the “Effect of Vitamin D During Pregnancy on Maternal, Neonatal, and Child Outcomes” is to disseminate high quality reports (reviews, observational studies, clinical trials, or experimental studies) that investigate the role that vitamin D plays in pregnancy, neonatal, and childhood outcomes. Studies from low, middle, and high income countries are encouraged, to reflect the breadth of the problem and potential differential effects.

Guest Editors

Prof. Dr. Augusto A. Litonjua

About the Journal

Message from the Editorial Board

Nutrients is an on-line open access journal that was first published in 2009. *Nutrients* adheres to rigorous peer-review and editorial processes and publishes only high quality manuscripts that address important issues related to the impacts of nutrients on human health. The Impact Factor of *Nutrients* has risen rapidly since its establishment and it is now ranked in the first quartile of journals publishing in the field of nutrition and dietetics research.

Editors-in-Chief

Prof. Dr. Lluís Serra-Majem
