submissions:

closed (30 November 2023)

Message from the Guest Editor

Dear Colleagues,

The main aim of this Special Issue on Advances of Forensic Dentistry is to collect and publish manuscripts about the latest research, ideas, and advances in forensic dentistry and all subdisciplines. This includes humanitarian forensic odontology, dental anthropology, bioethics, and the role of dentists and dental hygienists in criminal investigations and prevention of human rights violations. This Special Issue, after an attentive peer review process before publication, will act as a promoter of innovative and research directions of forensic odontology around the planet.

Keywords

- human identification
- dental age estimation
- bitemark analysis
- artificial intelligence
- machine learning
- humanitarian forensics
- forensic dentistry
- forensic odontology

Message from the Editor-in-Chief

Oral is an official, peer-reviewed publication from MDPI, which deals with the key issues of oral health and its related fields. It allows for the dissemination of scientific research focused on emerging problems in the fields of dentistry and oral health, providing a forum to promote scientific information. Indeed, the need to face emerging problems, such as the progressive aging of the population and the impact of technological progress on healthcare, represents some pillars on which to build novel therapeutic strategies in the field of dentistry. *Oral* provides a great opportunity to contribute to progress in the field of oral health through the distribution of high-quality articles

Author Benefits

Open Access: free for readers, with **article processing charges (APC)** paid by authors or their institutions.

High Visibility: indexed within **ESCI (Web of Science)**, **Scopus** and **other databasaes**.

Rapid Publication: manuscripts are peer-reviewed and a first decision is provided to authors approximately 23.3 days after submission; acceptance to publication is undertaken in 9.9 days (median values for papers published in this journal in the first half of 2025).
