

Special Issue

Topical Advisory Panel Members' Collection Series: Pediatric Dentistry

Message from the Guest Editors

This Special Issue aims to explore the use of innovative approaches in dentistry and maxillofacial surgery. Our goal is to receive and publish systematic and narrative reviews, randomized controlled trials, prospective and retrospective studies, as well as case reports prepared in accordance to the EQUATOR guidelines. The main topics for the Special Issue are presented below:

- Dental anomalies: natal and neonatal teeth, supernumerary teeth, odontomas and hamartomas, ectopic eruption, hyperdontia, hypodontia, tooth-shape-related anomalies.
- Special care dentistry: hospital dentistry, pain management, rare syndromes and chromosomic anomalies, special-need patients.
- Preventive orthodontics: obstructive sleep apnea syndrome, interceptive orthodontics, clear aligners, functional orthopedics, orthodontic extrusion.
- Digital technologies: 3D imaging, micro computerized-tomography analysis, radiographic assessment, fractal analysis, cephalometry, 3D analysis of digital dental models, SEM analysis.

About the Journal

Message from the Editor-in-Chief

Oral is an official, peer-reviewed publication from MDPI, which deals with the key issues of oral health and its related fields. It allows for the dissemination of scientific research focused on emerging problems in the fields of dentistry and oral health, providing a forum to promote scientific information. Indeed, the need to face emerging problems, such as the progressive aging of the population and the impact of technological progress on healthcare, represents some pillars on which to build novel therapeutic strategies in the field of dentistry. *Oral* provides a great opportunity to contribute to progress in the field of oral health through the distribution of high-quality articles

Editor-in-Chief

Prof. Dr. Giuseppina Campisi

Department of Rehabilitation, Fragility and Continuity of Care, Unit of Oral Medicine, University Hospital Palermo, 90127 Palermo, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within ESCI (Web of Science), Scopus and other databases.

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 23.3 days after submission; acceptance to publication is undertaken in 9.9 days (median values for papers published in this journal in the first half of 2025).
