Deadline for manuscript submissions:

closed (30 April 2022)

Message from the Guest Editor

Dear Colleagues,

As Editor-in-Chief of *Osteology*, I am pleased to announce this Special Issue, entitled "Feature Papers in *Osteology* in 2020". Articles from Editorial Board Members and leading researchers will be collected to explore cutting-edge developments in the science of osteology.

Potential topics include but are not limited to the following items:

- Bone-related diseases, including arthritis, fractures, infections, osteoporosis, tumors;
- Molecular mechanisms research on bone and bone-related diseases;
- Interactions of bone with other organ systems, including cartilage, muscle, and neural;
- Biological and physiological research on bone, cartilage, joints, and spine;
- Methodological advances in osteology;
- Bone biomaterials.

This Special Issue offers a timely and authoritative opportunity to present recent progress in the field of osteology. It is expected to highlight exciting challenges and future research in the field of bone science.

osteology

an Open Access Journal by MDPI

Editor-in-Chief

Message from the Editor-in-Chief

The field of osteology is rapidly evolving. Recent discoveries have transformed our understanding of bone metabolism, healing mechanisms, and the management of skeletal disorders. A deeper insight into the biological and clinical processes underlying bone repair and regeneration offers new opportunities to enhance patient care and therapeutic strategies.

Osteology was established with this vision in mind. *Osteology* is an international, peer-reviewed, open access journal dedicated to basic and clinical research in bone science, published quarterly online by MDPI. Supported by a dynamic scientific community, the journal is committed to excellence through a rigorous and transparent peer-review process.

We invite researchers worldwide to submit high-quality clinical and experimental studies to advance innovation and knowledge in osteology.

Author Benefits

Open Access: free for readers, with **article processing charges (APC)** paid by authors or their institutions.

Rapid Publication: manuscripts are peer-reviewed and a first decision is provided to authors approximately 25 days after submission; acceptance to publication is undertaken in 5.7 days (median values for papers published in this journal in the second half of 2025).

Recognition of Reviewers: APC discount vouchers, optional signed peer review, and reviewer names published annually in the journal.
