## West Nile Virus Infection

Guest Editor:

### **Dr. Francisco Llorente**

Centro de Investigación en  
Sanidad Animal, Instituto  
Nacional de Investigación y  
Tecnología Agraria y Alimentaria  
(INIA-CISA), 28130 Valdeolmos,  
Spain

### **Message from the Guest Editor**

In this Special Issue, we invite you to send research papers and reviews related to different aspects of the virus. Topics of interest include (but are not limited to) pathogenesis, vaccines, diagnosis and epidemiology.

Deadline for manuscript  
submissions:  
**closed (30 April 2021)**

USA

## Message from the Editor-in-Chief

The worldwide impact of infectious disease is incalculable. The consequences for human health in terms of morbidity and mortality are obvious and vast but, when infections of animals and plants are also taken into account, it is hard to imagine any other disease that has such a significant impact on our lives—on healthcare systems, on agriculture and on world economics. *Pathogens* is proud to continue to serve the international community by publishing high quality studies that further our understanding of infection and have meaningful consequences for disease intervention.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, PubAg, CaPlus / SciFinder, AGRIS, and other databases.

**Journal Rank:** JCR - Q2 (*Microbiology*) / CiteScore - Q2 (*General Immunology and Microbiology*)
