

## Special Issue

# New Insights into Protozoa Parasites: Essential Processes and Drug Targets

### Message from the Guest Editors

The scope of this Special Issue includes distinct aspects of the protozoa–host interactions, describing cellular, molecular, and biochemical processes that relate to survival mechanisms, antioxidant defenses, and redox metabolism. We will accept reviews or original contributions.

### Guest Editors

Dr. Rubem F. S. Menna-Barreto

Laboratório de Biologia Celular, Instituto Oswaldo Cruz, Fundação  
Oswaldo Cruz, Rio de Janeiro 21040-360, CEP, Brazil

Dr. Ana Cristina Souza Bombaça

Laboratório de Biologia Celular, Instituto Oswaldo Cruz, Fundação  
Oswaldo Cruz, Rio de Janeiro 21040-360, CEP, Brazil

### Deadline for manuscript submissions

31 October 2025

## About the Journal

### Message from the Editor-in-Chief

The worldwide impact of infectious disease is incalculable. The consequences for human health in terms of morbidity and mortality are obvious and vast but, when infections of animals and plants are also taken into account, it is hard to imagine any other disease that has such a significant impact on our lives—on healthcare systems, on agriculture and on world economics.

*Pathogens* is proud to continue to serve the international community by publishing high quality studies that further our understanding of infection and have meaningful consequences for disease intervention.

---

### Editor-in-Chief

Prof. Dr. Hinh Ly

Department of Veterinary & Biomedical Sciences, University of Minnesota, Twin Cities, MN, USA

---

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Embase, PubAg, CaPlus / SciFinder, AGRIS, and other databases.

#### Journal Rank:

JCR - Q2 (Microbiology) / CiteScore - Q1 (Infectious Diseases)
