Editorial Board Members' Collection Series: HIV and Viral Co-infections

Message from the Guest Editors

We are pleased to announce this Collection titled “Editorial Board Members’ Collection Series: HIV and Viral Co-infections”, which will collect papers invited by the Editorial Board Members. The aim of this Collection is to provide a venue for networking and communication between Journal *Pathogens* and scholars in the field of HIV and viral co-infections. All papers will be published in open access following peer review.

Guest Editors

Prof. Dr. Nicola Coppola

About the Journal

Message from the Editor-in-Chief

The worldwide impact of infectious disease is incalculable. The consequences for human health in terms of morbidity and mortality are obvious and vast but, when infections of animals and plants are also taken into account, it is hard to imagine any other disease that has such a significant impact on our lives—on healthcare systems, on agriculture and on world economics.

Pathogens is proud to continue to serve the international community by publishing high quality studies that further our understanding of infection and have meaningful consequences for disease intervention.

Editor-in-Chief

Prof. Dr. Hinh Ly

Department of Veterinary & Biomedical Sciences, University of Minnesota, Twin Cities, MN, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Embase, PubAg, CaPlus / SciFinder, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Microbiology) / CiteScore - Q2 (General Immunology and Microbiology)
