

Special Issue

Emerging and Re-Emerging Parasitic Diseases

Message from the Guest Editors

Emerging parasitic diseases are still neglected worldwide. Nevertheless, these diseases are causing dramatic health issues worldwide and need to attract the attention of health authorities and professionals. In this Special Issue, we invite the submission of studies on “Emerging and Re-Emerging Parasitic Diseases” by leading authors in the field to increase and improve knowledge of these diseases around the world.

Guest Editors

Dr. Jacob Lorenzo-Morales

Departamento de Obstetricia, Ginecología, Pediatría, Medicina Preventiva y Salud Pública, Toxicología, Medicina Legal y Forense y Parasitología, Universidad de La Laguna (ULL), Avda. Astrofísico F. Sánchez, 2, 38206 La Laguna, Tenerife, Spain

Prof. Dr. Rodrigo Morchón García

Zoonotic Disease and One Health Group, Faculty of Pharmacy, Campus Miguel Unamuno, University of Salamanca, 37007 Salamanca, Spain

Deadline for manuscript submissions

30 June 2026

About the Journal

Message from the Editor-in-Chief

The worldwide impact of infectious disease is incalculable. The consequences for human health in terms of morbidity and mortality are obvious and vast but, when infections of animals and plants are also taken into account, it is hard to imagine any other disease that has such a significant impact on our lives—on healthcare systems, on agriculture and on world economics.

Pathogens is proud to continue to serve the international community by publishing high quality studies that further our understanding of infection and have meaningful consequences for disease intervention.

Editor-in-Chief

Prof. Dr. Hinh Ly

Department of Veterinary & Biomedical Sciences, University of Minnesota, Twin Cities, MN, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Embase, PubAg, CaPlus / SciFinder, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Microbiology) / CiteScore - Q1 (Infectious Diseases)
