

## Special Issue

# The Parasitic Schistosome Worm and Schistosomiasis

### Message from the Guest Editor

The journal *Pathogens* (impact factor: 3.018) is running a Special Issue broadly on "Schistosomes", and Prof. Dr. Emmitt R Jolly (Case Western Reserve University, USA) is serving as . We invite you to submit an exciting original research article or review focused on schistosome biology, -omics, or host interaction for potential publication in this Special Issue. Based on your expertise in the field, we think you could make an excellent contribution to *Pathogens*. We look forward to hearing from you.

### Guest Editor

Dr. Emmitt R. Jolly

Department of Biology, School of Arts and Sciences, Global Health and Diseases, Division of General Medical Sciences, Case Western Reserve University School of Medicine, Cleveland, OH 44106, USA

### Deadline for manuscript submissions

closed (30 September 2023)

## About the Journal

### Message from the Editor-in-Chief

The worldwide impact of infectious disease is incalculable. The consequences for human health in terms of morbidity and mortality are obvious and vast but, when infections of animals and plants are also taken into account, it is hard to imagine any other disease that has such a significant impact on our lives—on healthcare systems, on agriculture and on world economics.

*Pathogens* is proud to continue to serve the international community by publishing high quality studies that further our understanding of infection and have meaningful consequences for disease intervention.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Embase, PubAg, CaPlus / SciFinder, AGRIS, and other databases.

#### Journal Rank:

JCR - Q2 (Microbiology) / CiteScore - Q1 (Infectious Diseases)
